So now you know the power of TFT at Algorithm level, how would you like to know how to create your own sequences without using kinesiology or traditional DX methods?

On this one day workshop you will learn:

- ✓ Unique diagnostic process.
- ✓ Using effective language patterns and questioning to enhance your treatments.
- ✓ Combining TFT with other skills & techniques .
- ✓ More about Meridians—where they are and what they do, including alternative tapping points.

### **Tapping for Life**

How to eliminate negative thoughts and emotions for good

Janet Thomson MSc

*“Janet is creative and unique in her ability to explain TFT. With explanation of the meridians as “emotional highways” she helps you to easily understand a complicated theory. She has excellent teaching skills excitement and knowledge in her trainings and we are proud to have her as a representative for TFT”*
